LINEAR

The Future of Smart Surveillance and Access Control

Finally, dealers & integrators get the comprehensive, yet easy-to-deploy solution they've been waiting for.

The bar is higher today. Your customers are looking for smarter commercial security and access control based on an advanced technology foundation.

The Linear® Intelligent Surveillance & Access Control System is a tightly integrated solution that features built-in IntelliVision® analytics directly in the camera itself.

Linear simplifies smart surveillance and access control for dealers and integrators giving them a single-source solution that allows dealers to improve customer satisfaction while minimizing reliability and warranty issues.

And, Linear Intelligent Surveillance is the only video surveillance solution that is fully integrated with the Linear e3 Access Control ecosystem.

IV200
CAMERA LINE

2MP Resolution

Standard IntelliVision® Analytics
Object, Motion, Detection
and Classification

IV400
CAMERA LINE

5MP Resolution

Advanced IntelliVision® Analytics
AI Motion, Tamper, Intrusion, Line Crossing,
Object Left/Removed, Loitering, and more
*Analyzes video content in real-time
providing alerts and actionable intelligence*

e3 SERIES INTEGRATION

Comprehensive embedded OS and
browser-managed access systems

IV IntelliVision™

Artificial Intelligence (AI) processing
at the camera edge provides
active monitoring and notification
for specific event classifications

NVRs
NETWORK VIDEO RECORDERS

- 8 channel with 2TB WD Purple HDD storage
- 16 channel with 4TB WD Purple HDD storage

LINEAR INTELLIGENT SURVEILLANCE & ACCESS CONTROL SYSTEM

Value for You...

Simplified Installation

Cameras are designed to be automatically discovered by Linear NVRs

- System configuration accomplished from any browser
- ONVIF support for non Linear cameras
- Auto discover and auto configuration minimizes installation time
- Simple association from Linear Access Control
- Analytics at the edge, integrated in the camera provides smarter and faster event notification
- Motorized auto focus camera models minimize installation and setup

Single-source Solution

Fully integrated solution that is easy to acquire and deploy

- Efficient support and system expansion from one supplier

Expanded Customer Base

Opens new customer opportunities, increasing dealer revenue and profit

- New customers can also benefit from a system that easily integrates with their existing access control system

and Your Customer

Immediate Access

From event video tagging and quick links

- Find past events faster and easier
- Live and recorded video can be viewed from both the e3 Access Control and the Linear NVR
Absentee Monitoring

Included IntelliVision® Analytics provides active monitoring and notification for specified events

Proactive Notifications

AI processing at the camera edge minimizes processing time of detected events; greatly reducing false positives and notification time

Advanced Analytics

- **Video Motion Detection** – detects valid motion, filtering out noise, such as lighting changes and tree/animal movements
- **Camera Tamper/Fault Detection** – detects any fault or attempt to tamper with the camera, partially or completely blocking its field of view, or drastically changing the camera angle
- **Intrusion Detection** – provides automated perimeter monitoring and secure area protection
- **Line Crossing** – detects a moving object which crosses the defined line; Entry/exit direction can be defined and line can be drawn in any direction
- **Object Abandoned** – detects an object that has been left unattended for too long / Looks for objects that are not part of the normal scene
- **Object Removed** – can detect when specific objects have been removed from the scene
- **Loitering** – detects when a person has been in a specified area for more than a specified time

NVR SERIES

Model / Order #	LNVR1-08P	LNVR1-16P
Product Description	8-Channel NVR	16-Channel NVR
Rack Size	1U	1U
HDD Included	1 x 2TB	1 x 4TB
Resolution	QCIF-4K	QCIF-4K
Max. Internal HDDs	2	2
HDD Max Capacity (1)	16TB	16TB
RAID	RAID 0, 1	RAID 0, 1
PoE Ports	8-Channel	16-Channel
PoE Power Budget	120W	200W
Operating System	Embedded Linux	Embedded Linux
Local Video Output	1 x HDMI and 1 x VGA for local display	1 x HDMI and 1 x VGA for local display
Number of Hard Drives	2 x HDD bay	2 x HDD bay
Network	1 x Gigabit RJ45 Ethernet	1 x Gigabit RJ45 Ethernet
USB	2 x USB Ports (1 USB 2.0 in front and 1 USB 3.0 in Back)	2 x USB Ports (1 USB 2.0 in front and 1 USB 3.0 in Back)
Dimensions	360 mm (W) x 311 mm (D) x 44 mm (H)	360 mm (W) x 311 mm (D) x 44 mm (H)
Weight	3.16 kg (6.96 lbs) – without HDD	3.16 kg (6.96 lbs) – without HDD
Playback	8-CH Live View 4-CH Synchronous Playback (web console)	16-CH Live View 4-CH Synchronous Playback (web console)
Compression	H.265 / H.264 / MJPEG	H.265 / H.264 / MJPEG
